Subject Index*

A

Abductor pollicis longus, extrinsic extensors, and thenar muscles, absence of, congenital hypoplasia of thumb with absence of (Neviaser), 301
Actinomycosis of hand: case report (Southwick and Lister), 360
American Society for Surgery of the Hand, postgraduate education and (presidential address) (Omer), 274
(proceedings), 279
Anesthesia, local, carpal tunnel release under: evaluation of outpatient procedure (Lichtman, Florio, Mack), 544
Aneurysmal bone cyst involving hand: review and report of two cases (Fuhs and Herndon), 152
Anomalous muscle, occlusion of ulnar artery associated with: case report (Carneirio and Mann), 412
thenar muscle and median nerve: case report (Caffee), 446
Arterial injuries, forearm (Gelberman et al), 401
Arthritis, pisotriquetral: case report (Green), 465
Artery, *see* particular type and location
Autograft(s), fibular, for distal defects of radius (Mack, Lichtman, MacDonald), 576
nerve, fresh, as compared with predegenerated nerve autografts, in freshly cut and precut motor nerve defects in rat (Gordon et al), 42
predegenerated, as compared with fresh nerve autografts in freshly cut and precut motor nerve defects in rat (Gordon et al), 42
Autotransplantation, heterotopic free skeletal muscle, with utilization of long nerve graft and microsurgical techniques: study in primate (Gordon and Buncke), 103

B

Belgian Hand Group (proceedings) (Fissette), 95
(proceedings) (Fissette), 491
Beveled technique of flexor tendon repair, early active motion following: report on fifty cases (Becker, Orak, Duponselle), 454
Biceps region, deep fasciitis of (Bilos, Eskestrand, Shivaram), 378
Blood supply to median and sciatic peripheral nerves (letter) (Kline), 391; reply (Neviaser), 391
vessel transplantation to bone (Hori et al), 23
Bone, blood vessel transplantation to (Hori et al), 23
cyst, aneurysmal, involving hand: review and report of two cases (Fuhs and Herndon), 152
grafts, free vascularized, in surgery of upper extremity (Weiland et al), 129
scanning in assessment of fractures of scaphoid (Ganel et al), 540
Brewerton view—casting aspersions on Louisville (letter) (Hager), 294; reply (Lister), 295
Bursa, ulnar, distention from intercarpal joint, carpal tunnel syndrome secondary to: report of case (Linscheid), 191

C

Capsulectomy of metacarpophalangeal and proximal interphalangeal joints (Gould and Nicholson), 482
Carpal ganglion, intraarticular-intraosseous (Bowers and Hurst), 375
scaphoid, osteochondroma of (Medlar and Sprague), 150
tunnel, another cause of median nerve compression by lumbrical muscle in (Barton), 189
release under local anesthesia: evaluation of outpatient procedure (Lichtman, Florio, Mack), 544
syndrome secondary to ulnar bursa distention from intercarpal joint: report of case (Linscheid), 191
Carpometacarpal dislocation, dorsal, chronic, of index, middle, ring, and little fingers: case report (Imbriglia), 343
joint, fifth, dorsal fracture dislocation of (Lilling and Weinberg), 340
Cerebral palsy, dynamic electromyography and decision-making for surgery in upper extremity of patients with (Hoffer, Perry, Melkonian), 424
Checkrein resection for flexion contracture of middle joint (Watson, Light, Johnson), 67
Chickens, experimental studies in, on initial nutrition of tendon grafts (Manske, Lesker, Bridwell), 565
Clicking wrist, painful, cause of: case report (Weeks, Young, Gilula), 522
Clubbing, digital: unique case and new hypothesis (Gold et al), 60
Compartment syndrome of forearm: early recognition using tissue pressure measurements (Halpern and Nagel), 258
Contracture, *see* particular type
Cyst, bone, aneurysmal, involving hand: review and report of two cases (Fuhs and Herndon), 152
epidermoid, of tendon (Saito et al), 448
intratendious in extensor digitorum brevis manus tendon (Lucas), 176
rheumatoid synovial, compression of ulnar nerve at wrist secondary to: case report and review of literature (Dell), 468

D

Deformities of hand and wrist with ulnar deficiency (Broudy and Smith), 304
Denervated hand, skeletal deformities of, in Hansen's disease (Enna), 227
DeQuervain's disease, unusual complication following surgical treatment of (Alegado and Meals), 185
Digital arteries, ring injury with bilateral rupture of, without skin damage (Comtet, Willems, Mouret), 415
clubbing: unique case and new hypothesis (Gold et al), 60
glomus tumors, multiple (Maxwell, Curtis, Wilgis), 363
loss, central, ray transposition for (Posner), 242
nerve grafts, distal: clinical and anatomical studies (Wilgis and Maxwell), 439
nerves, suture of, recovery of sensibility after (Poppen et al), 212
Digits, complex reimplantation of: case report (Tsai), 145
Disease, *see* particular type and location
Dislocation, congenital radial head (Mardam-Bey and Ger), 316

*January, pp 1-102; March, pp 103-200; May, pp 201-300; July, pp 301-400; September, pp 401-500; November, pp 501-624

Dislocation—Cont'd
open complex metacarpophalangeal joint, two cases of: index finger and long finger (Imbriglia and Sciulli), 72
simultaneous, of interphalangeal and metacarpophalangeal joints of thumb: case report (Levy and Liberty), 489
Dissociation, chronic bilateral scapholunate, without symptoms (Vance, Gelberman, Braun), 178
Distal defects of radius, fibular autografts for (Mack, Lichtman, MacDonald), 576
digital nerve grafts: clinical and anatomical studies (Wilgis and Maxwell), 439
Dorsal carpometacarpal dislocation, chronic, of index, middle, ring, and little fingers: case report (Imbriglia), 343
fracture dislocation of fifth carpometacarpal joint (Lilling and Weinberg), 340
ganglion with anomalous muscles (Constantian, Zuelzer, Theogaraj), 84
Drainage, suction, continuous, in hand surgery (Lunseth, Burton, Braun), 193
Dupuytren's contracture in Negro: case report (Mennen and Gräbe), 451
treatment of, by extensive fasciectomy through multiple Y-V–plasty incisions: short-term evaluation of 170 consecutive operations (King, Bass, Watson), 234

E

Edema, postischemic, effects of tourniquet ischemia and, on muscle metabolism (Miller et al), 547
Education, postgraduate, and the American Society for Surgery of the Hand (presidential address) (Omer), 274
Elbow extension power in tetraplegic patient, restoration of, using Moberg technique (DeBenedetti), 86
flexion, pectoralis major transplantation to restore, to paralytic limb (Carroll and Kleinman), 501
Electrically driven hand splint, follow-up report on (Ketchum, Hibbard, Hassanein), 474
Electromyography, dynamic, and decision-making for surgery in the upper extremity of patients with cerebral palsy (Hoffer, Perry, Melkonian), 424
Entrapment neuropathy due to bilateral epitrochleoanconeus muscles: case report (Hirasawa, Sawamura, Sakakida), 181
syndrome, median nerve, in proximal forearm (Johnson, Spinner, Shrewsbury), 48
Epidermoid cyst of tendon (Saito et al), 448
Epitheloid sarcoma: case report (Button), 368
Epitrochleoanconeus muscles, bilateral, entrapment nueropathy due to: case report (Hiraswa, Sawamura, Sakakida), 181
Ewing's sarcoma of hand (Dryer et al), 372
Extensor(s) digitorum brevis manus tendon, intratendinous cyst in (Lucas), 176
extrinsic, abductor pollicis longus, and thenar muscles, congenital hypoplasia of thumb with absence of (Neviaser), 301
lag, prevention of, after indicis proprius tendon transfer (Browne, Teague, Snyder), 168
retinaculum, reconstruction of pulleys employing (Lister), 461
Extremity, upper, free vascularized bone grafts in surgery of (Weiland et al), 129
of patients with cerebral palsy: dynamic electromyography and decision-making for surgery in (Hoffer, Perry, Melkonian), 424

F

Fasciectomy, extensive, treatment of Dupuytren's contracture by, through multiple Y-V–plasty incisions: short-term evaluation of 170 consecutive operations (King, Bass, Watson), 234
Fasciitis, deep, of biceps region (Bilos, Eskestrand, Shivaram), 378
Femoral vein occlusion, prevention of, by local injection of Thrombolysin in rat (Dellon, Curtis, Chen), 121
Fibroma of tendon causing limited finger motion: case report (Feinberg), 386
Fibromatosis of upper limb (Becker and Chait), 264
Fibular autografts for distal defects of radius (Mack, Lichtman, MacDonald), 576
Finger(s), *see also* particular type
index, middle, ring, and little, chronic dorsal carpometacarpal dislocation of (Imbriglia), 343
Fixator, external, use, in comminuted gunshot fractures of proximal phalanx (Bilos and Eskestrand), 357
Flap, groin, division, use of intravenous fluorescein test in timing of (McGrath, Adelberg, Finseth), 19
local composite neurovascular island, for skin cover in pulp loss of thumb (Pho), 11
neurovascular island pedical, transfer of, based upon metacarpal artery: case report (Schlenker), 16
reconstruction in hand surgery: evolution of presently used methods (McGregor), 1
Flexion contracture of middle joint, checkrein resection for (Watson, Light, Johnson), 67
Flexor digitorum profundus, anomalous tendon slips from flexor pollicis longus to (Linburg and Comstock), 79
pollicis longus, anomalous tendon slips from, to flexor digitorum profundus (Linburg and Comstock), 79
tendon, absent: congenital anomaly of thumb (Arminio), 487
tendon repair, beveled technique of, early active motion following: report on fifty cases (Becker, Orak, Duponselle), 454
tendons, vascular anatomy of. I. Vincular system and blood supply of profundus tendon in digital sheath (Ochiai et al), 321
Fluorescein test, intravenous: use in timing of groin flap division (McGrath, Adelberg, Finseth), 19
Forearm arterial injuries (Gelberman et al), 401
compartment syndrome of: early recognition using tissue pressure measurements (Halpern and Nagel), 258
proximal, median nerve entrapment syndrome in (Johnson, Spinner, Shrewsbury), 48
Fracture dislocation, dorsal, of fifth carpometacarpal joint (Lilling and Weinberg), 340
Fractures of scaphoid, bone scanning in assessment of (Ganel et al), 540
French Society for Surgery of the Hand, autumn meeting of (proceedings) (Gordon), 290
Funicular nerve repair, pros and cons of (founder's lecture) (Sunderland), 201

G

Ganglion, dorsal, with anomalous muscles (Constantian, Zuelzer, Theogaraj), 84
intraarticular-intraosseous carpal (Bowers and Hurst), 375
Giant-cell tumor of digit, recurrent, treatment of, by phalangeal excision and toe phalanx transplant: case report (Smith and Millender), 164
Glomus tumors, multiple digital (Maxwell, Curtis, Wilgis), 363

Graft(s), bone, free vascularized, in surgery of upper extremity (Weiland et al), 129
distal digital nerve: clinical and anatomical studies (Wilgis and Maxwell), 439
long nerve, and microsurgical techniques, heterotopic free skeletal muscle autotransplantation with utilization of: study in primate (Gordon and Buncke), 103
polarity, nerve, effect of, on nerve regeneration and function (Stromberg, Vlastou, Earle), 444
tendon, experimental studies in chickens on intial nutrition of (Manske, Lesker, Bridwell), 565
Gunshot fractures, comminuted, of proximal phalanx, external fixator use in (Bilos and Eskestrand), 357

H

Hamate erosion: unusual result of ulnar artery constriction (Foster, Palmer, Levinsohn), 536
Hand Group, Belgian, proceedings of (Fissette), 95
position in microsurgery (Nissenbaum, Meckler, Acland), 118
splint, electrrically driven, follow-up report on (Ketchum, Hibbard, Hassanein), 474
and wrist, deformities of, with ulnar deficiency (Broudy and Smith), 304
unsatisfactory, sacrifice of (Brown), 417
Hansen's disease, skeletal deformities of denervated hand in (Enna), 227
Head, radial, dislocation, congenital (Mardam-Bey and Ger), 316
Heparin-induced thromboembolism: case report (Moore and Weiland), 382
Herpetic infections of digits: herpetic whitlow (Louis and Silva), 90
whitlow: herpetic infections of digits (Louis and Silva), 90
Hypoplasia, congenital, of thumb with absence of extrinsic extensors, abductor pollicis longus, and thenar muscles (Neviaser), 301

I

Implants, Swanson design hand joint, cone-shaped reamer for use with (Micks), 76
Index finger and long finger: two cases of open complex metacarpophalangeal joint dislocation (Imbriglia and Sciulli), 72
Indicis proprius tendon transfer, prevention of extensor lag after (Browne, Teague, Snyder), 168
Inoculation tuberculosis, primary (Hooker, Eberts, Strickland), 270
Intercarpal joint, carpal tunnel syndrome secondary to ulnar bursa distention from: report of case (Linscheid), 191
Interphalangeal and metacarpophalangeal joints of thumb, simultaneous dislocation of: case report (Levy and Liberty), 489
Intraarticular-intraosseious carpal ganglion (Bowers and Hurst), 375
Intraosseous-intraarticular carpal ganglion (Bowers and Hurst), 375
Intravenous fluorescein test: use in timing of groin flap division (McGrath, Adelberg, Finseth), 19
Ischemia, tourniquet, and postischemic edema, effects of, on muscle metabolism (Miller et al), 547

J

Joint(s), *see* particular type and location

K

Kirschner wire fixation, mechanical analysis of, in phalangeal model (Massengill et al), 351

L

Larsen's syndrome, syndactyly with (Engber), 187
Leprosy, *see also* Hansen's disease
and thumb reconstruction by opponensplasty or phalangizing first metacarpal (Brown and Getty), 432
Ligament, radial collateral, of metacarpophalangeal joint, rupture of, to one of ulnar three fingers (Dray, Millender, Nalebuff), 346
Limb, paralytic, pectoralis major transplantation to restore elbow flexion to (Carroll and Kleinman), 501
upper, fibromatosis of (Becker and Chait), 264
in tetraplegia, international conference on surgical rehabilitation of (proceedings) (McDowell, Moberg, Smith), 387
Lipofibroma of median nerve (Abu Jamra and Rebeiz), 160
Locking of metacarpophalangeal joint: case report (Charendoff), 173
Long finger and index finger: two cases of open complex metacarpophalangeal joint dislocation (Imbriglia and Sciulli), 72
Louisville, casting aspersions on—Brewerton view (letter) (Hager), 294; reply (Lister), 295
Lumbrical muscle in carpal tunnel, another cause of median nerve compression by (Barton), 189

M

Median nerve compression, another cause of, by lumbrical muscle in carpal tunnel (Barton), 189
entrapment syndrome in proximal forearm (Johnson, Spinner, Shrewsbury), 48
lipofibroma of (Abu Jamra and Rebeiz), 160
and thenar muscle, anomalous: case report (Caffee), 446
and sciatic peripheral nerves, blood supply to (letter) (Kline), 391; reply (Neviaser), 391
Metabolism, muscle, effects of tourniquet ischemia and postischemic edema on (Miller et al), 547
Metacarpal artery, transfer of neurovascular island pedical flap based upon: case report (Schlenker), 16
Metacarpophalangeal and interphalangeal joints of thumb, simultaneous dislocation of: case report (Levy and Liberty), 489
joint dislocation, open complex. Two cases: index finger and long finger (Imbriglia and Sciulli), 72
locking of: case report Charendoff), 173
prosthesis designs, biomechanical evaluation of (Gillespie et al), 508
rupture of radial collateral ligament of, to one of ulnar three fingers (Dray, Millender, Nalebuff), 346
and proximal interphalangeal joints, capsulectomy of (Gould and Nicholson), 482
Microelectroneurography for inexperienced? (letter) (Kline), 294; reply (Nahai and Wolf), 294
Microsurgery, hand position in (Nissenbaum, Meckler, Acland), 118
Microsurgical techniques and long nerve graft, heterotopic free skeletal muscle autotransplantation with utilization of: study in primate (Gordon and Buncke), 103
Microvascular surgery, trauma and, control of vasospasm following (Phelps, Rutherford, Boswick), 109
Middle, checkrein resection for flexion contracture of (Watson, Light, Johnson), 67
Moberg technique, restoration of elbow extension power in tetraplegic patient using (DeBenedetti), 86
Motion, early active, following beveled technique of flexor tendon repair: report on fifty cases (Becker, Orak, Duponselle), 454

Motor nerve defects, freshly cut and precut, predegenerated nerve autografts as compared with fresh nerve autografts in (Gordon et al), 42
Muscle, *see also* particular type and location
Muscle(s), anomalous, dorsal ganglion with (Constantian, Zuelzer, Theogaraj), 84
occlusion of ulnar artery associated with: case report (Carneirio and Mann), 412
metabolism, effects of tourniquet ischemia and postischemic edema on (Miller et al), 547
tendon unit properties, determination of, during tendon transfer (Freehafer, Peckham, Keith), 331

N

Negro, Dupuytren's contracture in: case report (Mennen and Gräbe), 451
Nerves, *see also* particular type and location
digital, suture of, recovery of sensibility after (Poppen et al), 212
funicular, repair, pros and cons of (founder's lecture) Sunderland), 201
graft(s), distal digital: clinical and anatomical studies (Wilgis and Maxwell), 439
polarity, effect of, on nerve regeneration and function (Stromberg, Vlastou, Earle), 444
median, lipofibroma of (Abu Jamra and Rebeiz), 160
peripheral, human, intrinsic vascularization of: structural and functional aspects (Lundborg), 34
Neuropathy, entrapment, due to bilateral epitrochleoanconeus muscles: case report (Hirasawa, Sawamura, Sakakida), 181
Nutrition, initial, of tendon grafts, experimental studies in chickens on (Manske, Lesker, Bridwell), 565

O

Occlusion, femoral vein, prevention of, by local injection of Thrombolysin in rat (Dellon, Curtis, Chen), 121
Opponensplasty or phalangizing first metacarpal, leprosy and thumb reconstruction by (Brown and Getty), 432
Osteochondroma of carpal scaphoid (Medlar and Sprague), 150
Outpatient procedure, evaluation of: carpal tunnel release under local anesthesia (Lichtman, Florio, Mack), 544

P

Paralytic limb, pectoralis major transplantation to restore elbow flexion to (Carroll and Kleinman), 501
Pectoralis major transplantation to restore elbow flexion to paralytic limb (Carroll and Kleinman), 501
Peripheral nerves, human, intrinsic vascularization of: structural and functional aspects (Lundborg), 34
Phalangeal excision and toe phalanx transplant, treatment of recurrent giant-cell tumor of digit by: case report (Smith and Millender), 164
model, mechanical analysis of Kirschner wire fixation in (Massengill et al), 351
Phalanx, proximal, external fixator use in comminuted gunshot fractures of (Bilos and Eskestrand), 357
Pisotriquetral arthritis: case report (Green), 465
Polarity, nerve graft, effect of, on nerve regeneration and function (Stromberg, Vlastou, Earle), 444
Position, hand, in microsurgery (Nissenbaum, Meckler, Acland), 118
Postgraduate education and the American Society for Surgery of the Hand (presidential address) (Omer), 274
Pressure measurements, tissue, early recognition of compartment syndrome of forearm using (Halpern and Nagel), 258
Primary inoculation tuberculosis (Hooker, Eberts, Strickland), 270
Proceedings of meetings, *see* particular society or group
Prosthesis designs, metacarpophalangeal joint, biomechanical evaluation of (Gillespie et al), 508
Proximal interphalangeal and metacarpophalangeal joints, capsulectomy of (Gould and Nicholson), 482
Pulleys, reconstruction of, employing extensor retinaculum (Lister), 461
Pulp loss of thumb, local composite neurovascular island flap for skin cover in (Pho), 11
Pyogenic tenosynovitis treatment, two philosophies of (letter) (Besser), 495; reply (Neviaser), 495

R

Radial collateral ligament of metacarpophalangeal joint, rupture of, to one of ulnar three fingers (Dray, Millender, Nalebuff), 346
head dislocation, congenital (Mardam-Bey and Ger), 316
tunnel syndrome (Lister, Belsole, Kleinert), 52
Radius, fibular autografts for distal defects of (Mack, Lichtman, MacDonald), 576
Rat, prevention of femoral vein occlusion by local injection of Thrombolysin in (Dellon, Curtis, Chen), 121
Ray transposition for central digital loss (Posner), 242
Reamer, cone-shaped, for use with Swanson design hand joint implants (Micks), 76
Reconstruction, flap, in hand surgery: evolution of presently used methods (McGregor), 1
thumb, leprosy and, by opponensplasty or phalangizing first metacarpal (Brown and Getty), 432
Regeneration and function, nerve, effect of nerve graft polarity on (Stromberg, Vlastou, Earle), 444
Rehabilitation, surgical, of upper limb in tetraplegia, international conference on (proceedings) (McDowell, Moberg, Smith), 387
Reimplantation of digits, complex: case report (Tsai), 145
Release, carpal tunnel, under local anesthesia: evaluation of outpatient procedure (Lichtman, Florio, Mack), 544
Replantation surgery, "throbbing sign" as indication of early venous congestion in (Leung), 409
Resection, checkrein, for flexion contracture of middle joint (Watson, Light, Johnson), 67
Retinaculum, extensor, reconstruction of pulleys employing (Lister), 461
Rheumatoid synovial cyst, compression of ulnar nerve at wrist secondary to: case report and review of literature (Dell), 468
synovitis of volar compartment of wrist joint: its radiological signs and its contribution to wrist and hand deformity (Taleisnik), 526
Ring injury with bilateral rupture of digital arteries without skin damage (Comtet, Willems, Mouret), 415

S

Sacrifice of unsatisfactory hand (Brown), 417
Sarcoma, epitheloid: case report (Button), 368
Ewing's, of hand (Dryer et al), 372
Scandinavian Society for Surgery of the Hand (proceedings) (Carstam), 576
Scanning, bone, in assessment of fractures of scaphoid (Ganel et al), 540

Scaphoid, bone scanning in assessment of fractures of (Ganel et al), 540
carpal, osteochondroma of (Medlar and Sprague), 150
Schapolunate dissociation, chronic bilateral, without symptoms (Vance, Gelberman, Braun), 178
Sciatic and median peripheral nerves, blood supply to (letter) (Kline), 391; reply (Neviaser), 391
Sensibility, recovery of, after suture of digital nerves (Poppen et al), 212
Skeletal deformities of denervated hand in Hansen's disease (Enna), 227
Skin cover, local composite neurovascular island flap for, in pulp loss of thumb (Pho), 11
Splint, hand, electrically driven, follow-up report on (Ketchum, Hibbard, Hassanein), 474
Suction drainage, continuous, in hand surgery (Lunseth, Burton, Braun), 193
Surgery, microvascular, trauma and, control of vasospasm following (Phelps, Rutherford, Boswick), 109
Swanson design hand joint implants, cone-shaped reamer for use with (Micks), 76
Syndactyly, evaluation of operative treatment of (Toledo and Ger), 556
with Larsen's syndrome (Engber), 187
Syndrome, *see* particular type
Synovial cyst, rheumatoid, compression of ulnar nerve at wrist secondary to: case report and review of literature (Dell), 468
Synovitis, rheumatoid, of volar compartment of wrist joint: its radiological signs and its contribution to wrist and hand deformity (Taleisnik), 526

T

Tendon(s), *see also* particular type
epidermoid cyst of (Saito et al), 448
fibroma of, causing limited finger motion: case report (Feinberg), 386
grafts, experimental studies in chickens on initial nutrition of (Manske, Lesker, Bridwell), 565
muscle unit properties, determination of, during tendon transfer (Freehafer, Peckham, Keith), 331
slips, anomalous, from flexor pollicis longus to flexor digitorum profundus (Lindburg and Comstock), 79
transfer, determination of muscle-tendon unit properties during (Freehafer, Peckham, Keith), 331
indicis proprius, prevention of extensor lag after (Browne, Teague, Snyder), 168
Tenosynovitis, pyogenic, treatment, two philosophies of (letter) (Besser), 495; reply (Neviaser), 495
Tetraplegia, international conference on surgical rehabilitiation of upper limb in (proceedings) (McDowell, Moberg, Smith), 387
Tetraplegic patient, restoration of elbow extension in, using Moberg technique (DeBenedetti), 86
Thenar muscle(s) and median nerve, anomalous: case report (Caffee), 446
extrinsic extensors, and abductor pollicis longus, absence of, congenital hypoplasia of thumb with (Neviaser), 301
"Throbbing sign"—indication of early venous congestion in replantation surgery (Leung), 409
Thrombolysin, prevention of femoral vein occlusion by local injection of, in rat (Dellon, Curtis, Chen), 121
Thumb, congenital anomaly of: absent flexor pollicis longus tendon (Arminio), 487
hypoplasia of, with absence of extrinsic extensors, abductor pollicis longus, and thenar muscles (Neviaser), 301
local compositive neurovascular island flap for skin cover in pulp loss of (Pho), 11
reconstruction, leprosy and, by opponensplasty or phalangizing first metacarpal (Brown and Getty), 432
simultaneous dislocation of interphalangeal and metacarpophalangeal joints of: case report (Levy and Liberty), 489
Thromboembolism, heparin-induced: case report (Moore and Weiland), 382
Tourniquet ischemia and postischemic edema, effects of, on muscle metabolism (Miller et al), 547
Transfer, tendon, determination of muscle-tendon unit properties during (Freehafer, Peckham, Keith), 331
Transplant, toe phalanx, and phalangeal excision, treatment of recurrent giant-cell tumor of digit by: case report (Smith and Millender), 164
Transplantation, blood vessel, to bone (Hori et al), 23
pectoralis major, to restore elbow flexion to paralytic limb (Carroll and Kleinman), 501
Transposition, ray, for central digital loss (Posner), 242
Tuberculosis, primary inoculation (Hooker, Eberts, Strickland), 270
Tumor(s), *see* particular type and location
Tunnel release, carpal, under local anesthesia: evaluation of outpatient procedure (Lichtman, Florio, Mack), 544
syndrome, radial (Lister, Belsole, Kleinert), 52

U

Ulnar artery contriction, unusual result of: hamate erosion (Foster, Palmer, Levinsohn), 536
occlusion of, associated with anomalous muscle: case report (Carneirio and Mann), 412
bursa distention from intercarpal joint, carpal tunnel syndrome secondary to: report of case (Linscheid), 191
deficiency, deformities of hand and wrist with (Broudy and Smith), 304
nerve, compression of, at wrist secondary to rheumatoid synovial cyst: case report and review of literature (Dell), 468
three fingers, rupture of radial collateral ligament of metacarpophalangeal joint at one of (Dray, Millender, Nalebuff), 346
Upper extremity of patients with cerebral palsy, dynamic electromyography and decision-making for surgery in (Hoffer, Perry, Melkonian), 424
limb, fibromatosis of (Becker and Chait), 264

V

Vascular anatomy of flexor tendons. I. Vincular system and blood supply of profundus tendon in digital sheath (Ochiai et al), 321
Vascularization, intrinsic, of human peripheral nerves: structural and functional aspects (Lundborg), 34
Vasospasm, control of, following trauma and microvascular surgery (Phelps, Rutherford, Boswick), 109
Venous congestion, early, in replantation surgery—"throbbing sign"—indication of (Leung), 409
Volar compartment of wrist joint, rheumatoid synovitis of: its radiological signs and its contribution to wrist and hand deformity (Taleisnik), 526

W

Whitlow, herpetic: herpetic infections of digits (Louis and Silva), 90
Wire fixation, Kirschner, mechanical analysis of, in phalangeal model (Massengill et al), 351
Wrist, compression of ulnar nerve at, secondary to rheumatoid synovial cyst: case report and review of literature (Dell), 468
and hand, deformities of, with ulnar deficiency (Broudy and Smith), 304
joint, rheumatoid synovitis of volar compartment of: its radiological signs and its contribution to wrist and hand deformity (Taleisnik), 526
Wrist—Cont'd
painful clicking, cause of: case report (Weeks, Young, Gilula), 522

Y

Y-V-plasty incisions, multiple, treatment of Dupuytren's contracture by extensive fasciectomy through: short-term evaluation of 170 consecutive operations (King, Bass, Watson), 234
